

## 2023 Dallas County Master Gardener Class Captains

The Class Captain position was created to develop smaller, more intimate groups within the organization. This allows Master Gardeners to have a contact person within their graduating class and to build and maintain better communication. Class Captains serve as contact persons for members of each graduating class of Dallas County Master Gardeners (or a combination of classes when classes are small or two or more Class Captains for a large class).

Class Captains serve as a liaison between the individual Master Gardener, the County Extension Agent/Horticulture & MG Program Coordinator, the Hours Statistician, the Board of Directors, and Project Leaders.
